Coverage percentages are shown to one decimal place (recomputed from the Branches/Taken counts). Branch coverage excludes compiler-generated exception and unreachable branches (gcovr --exclude-throw-branches --exclude-unreachable-branches). main.cpp (console entry point) is excluded; the console UI is covered by test_console_interface, test_console_actions and test_console_files.

GCC Code Coverage Report

Directory: .

File	Branches	Taken	Cover	Missing
src/ConsoleInterface.cpp	210	188	89.5%	19,29,38,47,48,70,218,232,298,301,336,353,359,375,391,409,423,448,457
src/FileManager.cpp	82	78	95.1%	13,43,54,77
src/InputValidator.cpp	69	65	94.2%	23,33,42
src/QueueManager.cpp	12	12	100.0%	
src/SignalManager.cpp	30	28	93.3%	5,21
src/SimulationEngine.cpp	37	32	86.5%	36,37,45,75,76
src/StatisticsManager.cpp	6	6	100.0%	
src/vehicle_manager.cpp	25	19	76.0%	19,20
TOTAL	471	428	90.87%	

Coverage percentages are shown to one decimal place (gcovr prints whole numbers; the Cover column was recomputed from the Lines/Exec counts).
